ABOUT US

Vamika Hygiene India Private Limited is a trusted manufacturer and solution provider specializing in hygiene, sanitation, hospitality care, and water treatment products for residential, commercial, institutional, and industrial sectors. Established in 2025, the company focuses on delivering advanced, reliable, and sustainable hygiene solutions that meet modern industry requirements.

We offer a comprehensive range of cleaning chemicals, housekeeping products, swimming pool treatment chemicals, water treatment solutions, and institutional hygiene products designed for hotels, resorts, hospitals, schools, industries, and commercial establishments.

With a strong emphasis on quality, safety, innovation, and customer satisfaction, we develop effective and performance-driven products that help maintain cleaner environments and efficient water systems. Our operations are supported by modern technology, industry expertise, and strict quality control standards to ensure consistent performance and reliability.

Through professional service, dependable products, and continuous product development, Vamika Hygiene India Private Limited is committed to serving the growing needs of the hospitality, healthcare, institutional, and industrial sectors across India.
